CAMERON GETS FIRST 1939 BALE

"Our Town" by J. B. WHITE

It is refreshing to know that some old fashioned folks still living in America thing in American terms. Here's a prize winning essay by R. G. Callvert, of the Portland Oregonian. It won the Pulitzer prize:

In this land of ours, this America, the man we choose as leader dons at no time uniform or insignia to denote his constitutional position as Commander in Chief of armed forces. No member of his Cabinet, on civil subordinate, ever attires himself in garments significant of military power.

In this land of ours, this America, the average citizen sees so little of the army that he has not learned to distinguish between a major and a lieutenant from his shoulder straps. When the Chief Executive addresses his fellow-countrymen they gather about him within handclasp distance. Goos-stepping regiments are not paraded before him. When he speaks to the civilian population it is not over rank upon rank of helmeted heads.

In this land of ours, this America, there is no tramp of military boots to entertain the visiting statesman. There is no effort to affright him with display of mobile cannon or of facility for mass production of aerial bombers.

In this land of ours, this America, there is no fortification along the several thousand miles of the northern border. In the great fresh water seas that partly separate it from another dominion no naval craft plies the waters. Along its southern border there are no forts, no show of martial strength.

In this land of ours, this America, no youth is conscripted to labor on devices of defense; military training he may take or leave at option. There is no armed force consistent with a policy of aggression. The Navy is built against no menace from the Western Hemisphere, but wholly for defense against that which may threaten from Europe or Asia.

In this land of ours, this America, one-third of the population is foreign born or native born of foreign or mixed parentage. Our numerous "minorities" come from fourteen nations. The native born, whatever his descent, has all politicial and other rights possessed by him who traces his ancestry to the founding fathers. The foreign born of races that are assimilable are admitted to all those privileges if they want them. We have "minorities," but no minority problem.

In this land of ours, this America, the common citizen may criticize without restraint the policies of his Government or the aims of the Chief Executive. He may vote as his judgment or his conscience advises and not as a ruler dictates.

In this land of ours, this America, our songs are dedicated to love and romance, the blue of the night, sails in the sunset, and not to might or to a martyrdom to political cause. Our national anthem has martial words; difficult air. But if you want to hear the organ roll give the people its companion—"America . . of thee I sing." In lighter patriotism we are nationally cosmopolitan. Unitedly we sing of Dixie or of Ioway, where the tall corn grows, of Springtime in the Rockies, or of California, here I come.

In this land ours, this America, there is not a bomb-roof shelter, and a gas mask is a curosity. It is not needed that we teach our children where to run when deathhawks darken the sky.

In this land of ours, this America, our troubles present or prospective come from within—come from our own mistakes, and injure us alone. Our pldges of peace toward our neighbors are stronger than ruler's promise or written treaty. We guar-

GAS COMPANY PASSES THIRTIETH MILESTONE

Thirty years ago at Austin, the Secretary of State authorized an incorporation of Lone Star Gas Co., for the purpose of producing and transporting natural gas from distant fields to towns and cities miles away. At that time this was considered a hazardous undertaking. Fortunes, business reputations, and even lives were staked on that bet against failure.

The charter for this company was obtained by L. B. Denning, now president of the company, and his associates. They built the first long distance pipe line in Texas, from Petrolia in Clay County to Fort Worth and Dallas, and despite the misgivings of many people the first delivery of gas through this pipe line became an accomplished fact when natural gas was turned into the mains of Fort Worth in February, 1910, and in Dallas two months later.

That was the origin of the Lone Star Gas System which today serves 299 towns in Texas and Oklahoma and this year celebrates its thirtieth anniversary. The 126 miles pipe line has increased to 4,700 miles of pipe, and where once there were only 15 to 25 employees, today there are more than 3,000 watching over the gass service.

Mr. Denning, however, can still recall the struggles of the little company during its early years. He remembers particularly the dark days of the World War, when new sources of supply were unobtainable and customers complained each winter about the lack of pressure in their stoves.

With pride he recalls the days in 1924 when experiments conducted by company engineers developed a successful method of utilizing gas from oil wells. This, with the company's ceaseless prospecting for new fields, has increased supplies from the single Petrolia field to 46 fields located in the Panhandle, Southern Oklahoma, West Texas and East Texas. Twenty-one compressor stations keep constant watch over the pressures which insure dependable gas service in more than a quarter million Texas and Oklahoma homes.

PAYS $200.00 FINE FOR POSSESSING UNSTAMPED LIQUOR

Bose Anderson, well known Cameron negro, arrested here by Mead Miller, operative of the State Liquor Boad, entered a plea of guilt foy possessing unstamped and illicit liquor and was fined by Judge Jeff T. Kemp in the sum of $200 and costs.

With Miller at the time of the arrest was Constable B. F. Bailey. The case was filed two weeks ago and was disposed of Monday on Judge Kemp's arrival home from vacation.

Outline of the Rotary Club program for the year was made Wednesday when President J. B. White, utilized the program hour with a report of the Board of Directors meeting on Monday night to complete the committee assignments.

The organization of the Club this year is unique in that every member of the Club is a Committee Chairman and each member of the club has direct and co-operative responsibility for the success of the work.

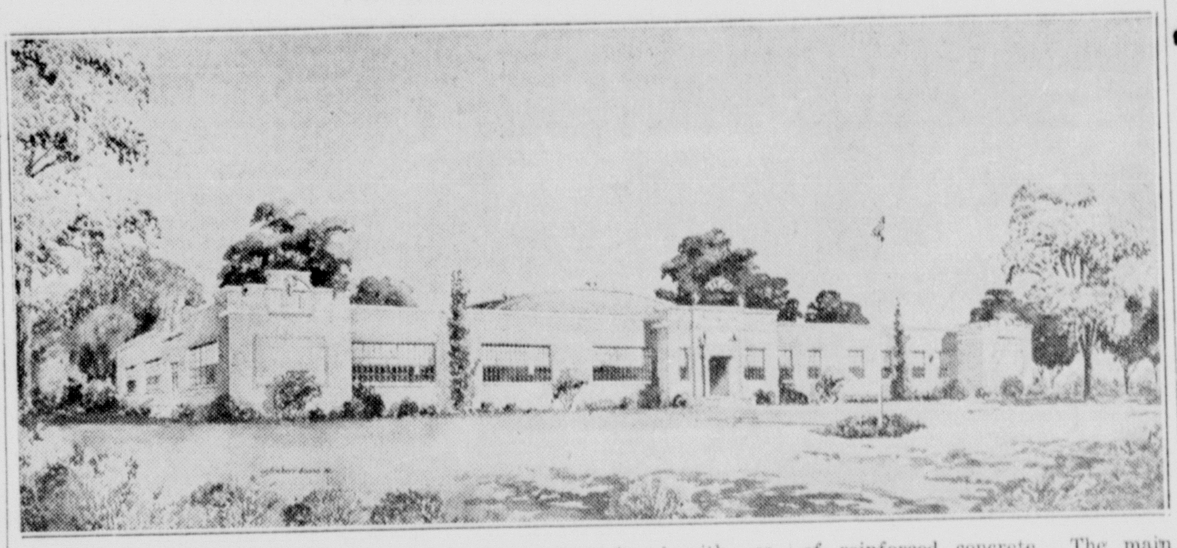
A RURAL ASSET



The new Sharp School just completed and to be ready for the opening of the fall term, is one of the better type plants of the rural school system in Texas. The building has 10 class rooms, a study hall and auditorium that will seat 614. It has a well lighted stage with all modern scenery.

The building is equipped with hardwood floors while the corridors and auditorium are equipped with cement floors The building has every modren convenience with electric lights. It has a sanitary and modern sewer system and is gas-steam heated. The latest time recording system is a feature and there is a radio and public address system to all parts of the building.

The foundation is made up of 100 footings or piers 14 feet in ground of reinforced concrete. The main walls are solid brick and partition walls are of plaster construction. The cost was $70,000 of which 45 per cent was a PWA grant. J. E. Johnson, Cameron architect planned the building and C. R. Blackmore and Sons of Austin were contractors. Supervisor for the PWA was Frank R. Cromwell of Fort Worth, now in Cameron.

Mexicans Fined $500 Each For Desecration of Graves In Little River Cemetery; Both Confess

Jose Charles and Pascual Vargas, Mexicans, were fined $500 and costs each on a plea of guilt that they desecrated the graves of the late Mr. and Mrs. Jim Barmore in Little River Cemetery where they were arrested around midnight Wednesday, July 13, as they completed destruction of the concrete base for the tombstone.

Judge Jeff T. Kemp fined the men after they had confessed and entered a plea of guilt in his court. It was said here that the men would in all probability stay in jail to pay the the full penalty.

Under the Texas law the full extent of time a person may be kept in jail for non payment of fine is one year. In any event the Mexicans will remain in jail for at least a year unless their fines are paid.

In their confession the Mexicans said they believed Mr. Barmore had withdrawn money to the amount of $25,000 to $30,000 from the bank and buried the funds in the concrete foundation for the monument. The men had been living in the community of Jones Prairie for a number of years. Joe Martine, another Mexican, now living in Mexico, was quoted by Vargan and Charles, as having said the money was buried there, because he had worked on the Barmore plantation at the time and helped to build the monument foundation.

Mrs. Barmore preceded Mr. Barmore in death by a number of years. When the foundation was laid, Mr. Barmore was present to supervise the work and Martine was then working for him. Mr. Barmore was a rich planter in Little River bottom near Maysfield.

Bette Davis in Dark Victory Tops Green Heights For July in Cameron; Award Artist Nation's Idol; New Role Gives Her Career Greatest Triumph

Here it is! You have been hoping it would come and so it has. Bette Davis in "Mark Victory." Opens Sunday at the Cameron Theatre. Do you recall "Magnificent Obsession?" Be prepared for another just such picture.

"Dark Victory," the Warner Bros. picture which opens at Cameron Sunday, presents Bette Davis as the ill-starred heroine of one of the tenderest, one of the most poignantly beautiful romances ever unfolded upon the screen.

It is a story of great love and dauntless courage both pitted against an implacable fate, and it offers the brilliant Miss Davis what she herself considers the greatest role of her very impressive career.

While the character portrayed by Miss Davis might still dominate the narrative even if played by a lesser actress than the matchless Bette—so compelling is the role—the production is by no means a one-woman tour de force. It has a supporting cast that is fully worthy of its gifted star, and the brilliance of her performance serves to inspire them all to a superlative pitch of excellence.

Playing opposite the lustrous star is George Brent, and in uniting with her to bring this moving romance to the screen he has the most sympathetic role of his notable career. Another lover of Bette's, albeit a frustrated one, is played by Humphrey Bogart, and his portrayal of an uncouth but honest and genuine Irish

Takes a Missouri Mule To London; That's Rite It Was Bob Burns; He Is At Cameron Today

The fellow who defined a mule as an animal which had no pride in its ancestry and no hope for the future, didn't reckon with some of the famous Missourians. Not only does a mule play opposite the great Bob Burns in the motion picture "I'm From Missouri," opening Thursday at the Cameron Theatre, but history credits the breed with winning the World War; he is considered by science as the most ferocious animal on the North American Continent; and—honest—one of them was actually elected to political office

Nobody would think to look at a meek, obedient Missouri mule that the female stock from which he is bred—the little Mexican burro—is the toughtest animal in America!

D. H. SMITH PIONEER IS BURIED SATURDAY

D. H. Smith, 83, pioneer resident of Texas and a native citizen of Milam county, died at his home in Austin Friday. He had been ill only a few days, contracting cold from which influenza developed.

He was the father of Dr. David Smith of Cameron and will be remembered by the pioneer people of this county. Several years ago he moved to Austin. He had enjoyed remarkable health and for 71 years had not had a doctor. The last time a physician treated him was at the age of 12 when he sustained a broken right arm.

Funeral services were held here Saturday morning with interment in Pebble Grove Cemetery near Maysfield. Many friends and neighbors of other days attended the funeral. In life Mr. Smith drew to himself many friends and by his good example of citizenship and as a neighbor, he was widely appreciated by the people of Milam county.

Surviving are five sons, C. O. Smith, Van Smith, Forest Smith, Morgan Smith and Dr. David Smith of Cameron; two daughters also survive.

Miss Maurine Messimer will leave the city Friday for a summer vacation with friends in Mexico City. She is teaching school in San Antonio.

11 DAYS EARLIER THAN 1938 BALE

The first bale of 1939 cotton was ginned shortly afternoon today at the Matyastik and Sons plant on the Buckholts road and was produced by J. D. Black of Clarkson.

The new 1939 bale turned out of the press at exactly 2 p. m. today, weighed 425 pounds. The seed was not weighed.

The first bale ginned in 1938 was produced E. B. Yager of Jones Prairie and was ginned on August 1. Thus it will be seen that the first bale of 1939 cotton is early by eleven days over the 1938 first bale.

Mexicans Must Work Out Fines On Roads

Criminal District Attorney Morrison revealed in a press release Wednesday that two Mexicans fined $500 for desecration of the graves of the late Mr. and Mrs. J. L. Barmore, must work out their fines on the county roads.

Jose Charles and Pascual Vargas, from the Jones Prairie community, pled guilty in the County Court Tuesday morning to the offense of desecration of a grame. They received the highest penalty provided by the law—a $500 fine and costs. It will require approximately six months for the defendants to serve this time out by working on the road.

This is the gravest offense that could be carved by the State out of the transaction and the highest penalty allowed for such an offense.

Fred Davis Buried Sharp Wednesday

Fred Davis, widely known Sharp and Milam county citizen, died in Kings Daughters hospital in Temple at 11 o'clock Tuesday night.

He had been in critical condition for several days and was taken to the hospital for treatment. It was thought here that he had contracted asthma from supervising feed mills on the Davis plantation near Sharp and congestion had set up in his lungs. Late Tuesday an x-ray was made at Temple and it was discovered that deceased was suffering from cancer in the lungs and chest. This accounts for the fact that the patient did not respond satisfactorily to treatment.

Little hope was held for his recovery late Tuesday. The end came shortly before midnight.

He is survived by his aged mother, Mrs. Dan G. Davis who lived at Independence as a young lady where Sam Houston spent much time in his declining years; three brothers, Will Davis and Dan Davis of Sharp and Judd G. Davis of Cameron; two sisters Mrs. Berry Davis and Mrs. Tom Pace.

Funeral services were held at 4 o'clock on Wednesday afternoon from the family residence in Sharp. Long before the hour the grounds at the country home were packed with cars and the friends and neighbors, many from remote sections of the county packed the home and the crowd overflowed into the yard.

Shortly before 4 p. m. the body in a casket of rich grey was placed in the coach for the short drive to the Presbyterian church. The building was inadaquate and hundreds standing outside were able to hear the words of the ministers and also the songs that made up the service.

Mr. Davis was a native of Milam county. He was 59 years of age and and 10 months. Across the church yard in the home where his late father, Dan G. Davis, pioneer and Confederate soldier, died some years ago, sat his aged mother, Mrs. Dan G. Davis, now in her 90th year. The intense heat of the day and her advanced age prevented the aged mother attending the funeral of her son, but earlier in the day she had

SURE, you need a VACATION

. . . and don't let anybody tell you different! There was a time when the world was such a slow-pokey sort of place that you didn't need to get away from your business and rest up. But those days, as the saying goes, are gone forever . . . Whatever you do, whether you're a farmer, a merchant, a housewife, a banker, a publisher — you name it!—the doctors say you need to get away at least once in a while and rest your mind with a change of scenery, revitalize your body with a change of activity . . . Well, it's easy enough to do in this day and age; there's your car waiting in the garage, and in Houston, there's Humble Touring Service all set up to help you plan a vacation trip . . . And that part of it—Humble Touring Service's part of it—doesn't cost you a dime; the Touring Service is operated to give you, without cost or obligation, every assistance in planning a trip to and from any part of North America. . . . Stop at your Humble Service Station and ask for a Touring Service card (it requires no postage); use it to tell the Touring Service where you want to go—they do the rest . . . And while you're in the station, why not leave your car to be checked over for the trip—you'll want it looking good and running right while you're away!

Bob Burns

(Continued from page 1)

When fighting to defend its young, there isn't an animal big enough or strong enough to withstand the fury of the burro's flying hooves, and even the ferocious montain lion has learned to give her a wide berth in passing.

The day of the horse as a fighter may be over, but military experts are agreed that the Missouri mule played a big part in winning the recent World War. When bombs and shells made roads impassable for automobiles, tractors and even tanks, the mule was brought in to drag big guns into position and to bring supplies up to the front. There was one case where the machine age had to bow to the hard-working farm lad from Missouri.

With thoroughbreds worth as much as $250,000 to boost the ante, the fact remains that horse for mule, the average mule is worth much more than the average horse. Estimates from the Department of Agriculture for 1938 indicate that the nation's horses are worth about $89 each against an average of $111 each for the country's mules!

Most famous of Missouri's mules, however, is one Boston Curtis, a mule living in Milton, Washington. Placed on the ballot a a lark — to prove that voters voted according to party symbol and not according to candidate, Boston polled 51 votes and was elected Republic Committeeman for his community!

The Missouri mule which appears with Bob Burns in "I'm From Missouri"—a homespun comedy in the typical Burns manner—is a prize mule named Samson, is considered by experts to be one of the finest examples of Missouri canaries in America. Bob takes Samson to London with him in the picture—together with his socially ambitious wife, played by Gladys George, and wife, played by Gladys George and it all adds up to some hilarious goings-on. Also in the cast are Gene Lockhart, Judith Barrett, William Henry, Patricia Morison, and many others.

Matilda Roznos spent the week end with her parents Mr. and Mrs. Rudolph Roznos and returned to her work in Caldwell later in the evening.

Friends of Mrs. Lehman Wilson will be glad to know she has sufficently recovered to return to her home. She has been in Baylor hospital in Dallas for the past three months where she was operated on for a tumor on the brain. Her eyesight which had failed due to the tumor is improving and her doctor expects it to continue improving. Although she is recovering, Mrs. Wilson is still very ill and cannot see her friends for several weeks. Her daughter, Miss Nadine Wilson visited her mother in Dallas and returned with her Wednesday.

Mr. and Mrs. G. C. Lucas and daughters, Misses Margaret and Gladys, returned on Tuesday from a vacation trip to El Paso, Albequerque, New Mexico, and to the top of Pikes Peak in Colorado. Their return trip took them to Dodge City Kansas where they visited the famous Boot Hill Cemetery, Wichita, Kansas, Oklahoma City, Okla., and Fort Worth. Miss Margaret is employed in Dallas and has been here for a two weeks' vacation visit with her parents, at Minerva.

Wallace Beery Brings New Screen Triumph To Cameron Saturday

Son of a Kansas City policeman, Wallace Beery plays his first police characterization in the title role of "Sergeant Madden," story of the New York police which opens Saturday at the Cameron Theatre.

With Beery typifying one of "New York's Finest," Alan Curtis appears as his son, a rookie cop who attempts to win promotion by "smart" short cuts and thus run a foul of the law he is sworn to represent. Then it becomes the father's duty to put a halt to the criminal career of his own son.

Tom Brown is seen as Beery's adopted son who idolizes his foster-brother but is true to the ideals of his foster-father. And Laraine Johnson is the Irish waif whom Beery makes his adopted daughter. After she marries Curtis she finds herself unwittingly sharing the life of a criminal.

In the supporting cast are a host of outstanding featured names, among them Fay Holden as Beery's Wife, Marc Lawrence as racketeer "Piggy" Ceders, David Gorcey of the "Dead End Kids" as a young petty thief, Marion Martin as Gorcey's sister, Donald Hains, Ben Weldon and Etta McDaniel.

Adapted from an original story, "A Gun in His Hand," by William A. Numan, Jr., "Sergeant Madden" was given authentic backgrounds of New York's lower west side and pictures in detail the work of the New York police department, taking audiences behind the scenes to show the training given. Val O'Toole, for sixteen years a member of the department, served as technical adviser.

Josef von Steinberg, who made his early reputation as a director of underworld pictures, directed "Sergeant Madden," with J. Walter Ruben, who directed several of Wallace Beery's earlier successes, elevatd to producer rank for the picture.

Judge Jeff Kemp now rounding out a vacation trip to the east including the New York's world fair may reach Cameron by Saturday of this week, he advised friends here Tuesday morning. In the party are Mr. and Mrs. Bill Alex Bonds and Mrs. Kemp.

driven the half mile to the home where the body lay.

A tribute both eloquent and universal was paid by the pastor Rev. Gaines of the Presbyterian Church, assisted by Rev. O. C. Acrey, pastor of Cameron Presbyterian Church. Friends of a life time talked about his exemplary life and the pioneer parents who gave the community their example of good neighbors.

Mr. Davis was born in 1879, the second son of the family. He is survived by his widow and one son William Davis, by adoption. A stockman and farmer, he accumulated a large estate, lived quietly, was deeply religious and reared a monument high in the hearts of his neighbors and friends. The esteem of those who knew him best was manifest on every hand Wednesday when the funeral hour arrived.

On a sloping hilside not far from his home where many pioneers sleep, he was buried. Across a small expanse of pasture is the home he recently built, a modern place in which to live. His life had been rich in liberal giving for others. His counsel will be lacking now as his brothers, all business associates of a life time, take up the burdens he laid down on last Tuesday when he passed away.

antee them by devoting our resources, greater than the resources of any other nation, to upbuilding the industries of peace. We strut no armed might that could be ours We cause no nation in our half of the world to fear us. None does fear us, nor arm against us.

In this land of ours, this America, we have illuminated the true road to permanent peace. But that is not the sole moral sought herein to be drawn. Rather it is that the blessings of liberty and equality and peace that have been herein recounted are possessed nowhere in the same measure in Europe or Asia and wane or disappear as one nears or enters a land of dictatorship of whatever brand. This liberty, this equality, this peace, are imbeded in the American form of government. We shall ever retain them if foreign isms that would dig them out and destroy them are barred from our shores. If you cherish this liberty, this equality, this peace that is peace material and peace spiritual—then defend with all your might the American ideal of Government.

Headache, Bad Breath May Be Your Warning

The sea's thrilling S. O. S. means "Help is needed now!" And, so do most of those headaches, that biliousness, coated tongue, or bad breath which are often signs of constipation.
To disregard these symptoms may bring on a host of other discomforts from sluggish bowels: sour stomach, belching, loss of appetite. See how much better you feel the day after taking spicy, *all* vegetable BLACK-DRAUGHT. By simple directions, it acts gently, cleanses promptly, thoroughly.
Its principal ingredient is an intestinal tonic-laxative; imparts tone to lazy bowel muscles. Next time try BLACK-DRAUGHT!

Dark Victory

(Continued from page 1)

horse trainer, different from anything he has done previously on the screen, is fraught with interest, for it proves that he is not only an ace bad man a superb actor.

Perhaps the most interesting personality in the cast, aside from the star, is an Irish lass named Geraldine Fitzgerald, who has the second most important feminine role even though this is her first American picture. Trained on the stage in Dublin and with some expedience in English pictures, she was signed by Warner Bros. after a sensational New York stage debut last year and is regarded as destined for certain stardom.

Other members of the truly impressive cast include such players as Ronald Reagan, Henry Travers, Cora Witherspoon, Dorothy Peterson, Virgina Brissac, Charles Richman and Herbert Rawlinson.

The screen play, which was written by Casey Robinson, was based on a stage play by George Emerson Brewer, Jr., and Bertram Bloch.

Bette is presented as the gay and carefree young leader of a rich "horsy" set of society folk. There is nothing of the spoiled and petulant young heiress about her. She's a very modern young thing but a thoroughly likeable one withal. Then love and destiny enter her life and bring about a complete metamorphosis in her character. The unusual drama is essentially the story of her thoroughbred courage in facing a love that is greater than life itself.

Only an actress of Miss Davis' calibre would dare undertake a role which required such subtle handling of mood and character as is necessary to show the growth of an immature, pleasure-seeking girl into a woman who has tasted all ife can offer and has triumphed above all fear.

Mr. and Mrs. P. W. Davis left Cameron Saturday for Buchanan Lake near Burnet to spend a few days on an outing. Mr. Davis is superintendent of the Cameron Compress.

Heavy Penalty May Be Asked For Grave Desecration Here

While no charges have been filed against Tascual Vargan and Jose Charles, Mexicans, arrested at 1:30 a. m. Wednesday as they completed destruction of a concrete base for the monument over the graves of the late Mr. and Mrs. Jim Barmore in Little River Cemetery, it was expected that the maximum penalty under the law would be sought.

Preliminary investigation here Friday indicated a penalty of $500 fine or 6 months in jail, is the maximum. The case comes under the jurisdiction of Judge Jeff T. Kemp of the county court.

The Mexicans have confessed that they were seeking money. They told Sheriff Kennedy they believed the late Jim Barmore, rich planter, had buried from $25,000 to $30,000 in the concrete base.

Mrs. I. P. Sessions and daughter, Mrs. Jessie Beasley of Rockdale, have returned home after a visit here with Mrs. Session's brother W. I. Clark and family. Mr. and Mrs. Billie Cark, who have been guests in the Clarke home, have returned home to Houston.

Maurice Boling Shot And Slightly Wounded At Home In Gause

Maurice Boling who figured in two sensational crimes several years ago, given an 8 year prison sentence and later paroled, was wounded Saturday at the residence of Mr. Faulkner in Gause.

Sheriff Kennedy and Deputy McCall were called. Mr. McCall said Mr. Faulkner was disturbed when a flash light was played on the window and walls of his home. He called to the man and when he received no reply picked up a 32 callibre pistol and opened fire. Boling was wounded slightly in the stomach. He was not placed under arrest.

The crime for which Boling was sent to prison occured when he stalked Bert Williams, aged farmer, from a store in Gause down a lonely lane, leaped to the wagon and beat the farmer so severely he all but lost his life. Robbery was the motive, said Boling in his confession. Williams, now much older, lost his mental balance and is in the asylum as a result of the beating.

Some time later Boling with a companion John D. Ward, set fire to and burned the Gause High School. In their confession to the then Criminal District Attorney Camp, they said the fire was set for the thrill of seeing the building burn. They sat nearby in the timber and saw the building well enveloped with flames, then joined the crowd.

John D. Ward was given a 4 year sentence in this case. He too was paroled. Some months later, Ward took his own life by shooting himself on a highway in South Texas, according to Deputy McCall.

THIS YEAR THOUSANDS HAVE COMPARED AND SWITCHED TO FORD V-8!

THEY COMPARED BRAKES and found the Ford hydraulic brakes the biggest ever used on a low-priced car. Greatest in total braking area. The only ones with 12-inch drums.

THEY COMPARED RIDES and found Ford levelest in starts and stops and on the turns and over rough going. Its passenger ride-base, on transverse springs, is much the longest at the price.

THEY COMPARED ENGINES and found the Ford V-8 fastest, most powerful, and the best all-round performer at the price. It's the *only* low-priced V-8 in the world.

THEY COMPARED COSTS and found the 85 horsepower Ford V-8 gave *more* miles per gallon in this year's Gilmore-Yosemite run than any other leading low-priced car.

THEY COMPARED CHASSIS and found Ford the steadiest riding because it's the only car at the price with Torque-tube Drive and 4 radius rods for fully stabilized ride.

THEY COMPARED QUALITY and found Ford alone at this price using valve seats on *all* valves, semi-centrifugal clutch, and a lot of other things that spell *fine car* engineering!

For low-cost transportation at its best—now as always

Court House Insurance Cut Because Roof Is Changed; Long Urged

Milam county's court house is benefited by a greatly reduced insurance rate, the savings in time being sufficient to liquidate the more than $30,000 recently spent on the building.

The savings in insurance came as a result, largely, of changing the style of roof and removing the tower structure which was the principal factor in determining the charges over a period of years. Discovery that the building had concrete and steel floors was not wholly responsible for the decreased rate, it was said here this week. The old roof made the building a much greater insurance risk.

Mrs. Mamie Hefley, insurance, for years had urged the change and her historic agency here has contributed this additional service in advice and counsel on matters involving fire insurance, risks and premiums.

Mr. and Mrs. Frank Jedlicka and their mother, Mrs. Frank Bartek and daughter, Lorene, are in Galveston and Corpus Christi this week on a vacation trip. Mr. Jedlicka is with the Green & Boedeker firm.

SOFTBALL LEAGUE

Results of the softball games played Tuesday night, July 18th:

First game—Coca Cola 6, Markham's 5.

Second game—Mack's Oilers 9, Dr. Pepper 1.

The first game has been protested on basis of an error made by the scorer. The Markham club claiming that it really had six runs instead of five and claims that the scorer failed to tally one run that was scored. The protest will be acted upon later by the executive committee.

The second game ran true to our guess when the Mack's made a runaway of the second game . This is the first game that this club has won and in doing this they gave the league leading Dr. Pepper team its worst defeat of the season.

Standing of the Clubs:

Team	GP	W	L	PC
Dr. Pepper	6	4	2	666
Coca Cola	6	4	2	666
Markham's	6	3	3	500
Mack's Oilers	6	1	5	167

FARM CLUBS NEWS

BURLINGTONH-D CLUB

"Are you training your child to be happy?" was the program given by members of the Burlington Home Demonstration Club when they met with Mrs. Charlie Litzman on July 11th, at 3 p. m.

Mrs. Litzman led a discussion on "Statements made by parents," followed by questions and answers. "Untieing apron strings" was given by Mrs. Ben Kleypas. In this talk she brought out the fact that co-operation is the most essential factor in family life. The successful family is a co-operative group where each is interested in all, and all in each. This co-operation must begin with father and mother and grow and broaden as each child comes along to help with the plans, and share in the work, pleasures, and responsibilities.

Mrs. Charles Rogers read a paper on "How Parents Can Help." She said, "we will try to be a help and an inspiration to our children, friends in whom they can confide—one wiser and more experienced than just a pal."

Mrs. Litzman served chicken sandwiches, potato chips, tomato salad, iced tea, coffee cake with a topping of prunes and whipped cream to 14 members. The club adjourned to meet with Mrs. Jerome McAtee..

Due to the extremely hot weather, the club postponed the community party, which was to have been on the first Friday night, but decided to have the parties on the regular night which will be on the first Friday night of each month. The next one will be on August 4th.

Members of the Home Demonstration club feel like they have been helpful in providing a good clean form of amusement for the boys and girls of our communities by sponsoring these recreational parties. Parents and older people do everything possible to keep the young people entertained during these hours of recreation and often join in the games, for it is really an entertainment for the young and old alike. We do not sponoer a dance, neither is this a money making affair. But we are forced to charge a small admission fee of 5c, which usually pays the expenses—the use of the hall, music and leader. When we do not make expenses, money is taken from the treasury for this.

The co-operation of the Burlington people will be greatly appreciated by the club members in carrying on this form of amusement for our young people.

It is our hope that in the years to come our work will stand out as a reminder of what the Home Demonstration Club has meant to the community, like the beautiful shrubs and evergreen growing on the Public and Parochial School grounds, which were planted by the club members during their first years of organization.

Mrs. Otto Schuetze, Jr., Reporter.

HOYTE HOME DEM. CLUB

The Hoyte Home Demonstration Club met Monday afternoon, July 17th, in the home of Mrs. Arthur Kruze.

Members present were: Mrs. Guy Chandler, Mrs. Jessie Coward, Mrs. Thomas Batey, Mrs. Arthur Kruze, Mrs. John McLerran, Mrs. Mary and Mrs. Lee Heitmann, Mrs. Eula Crook. Mrs. W. Faver, Mrs. Weems, Mrs. Elrod, Mrs. Brennon Morris and Mrs. Billy Radtke, Mrs. Crawl were our only visitors.

Miss Porter met with the club and had charge of the meeting. The topics under discussion were "diseases in poultry, symptoms and ways of curing." The members were greatly benefited by this lesson.

A model chicken house, nests and dropping pits were brought by Miss Porter showing the ideal way to house poultry for greater comfort and for your profit. The dropping pit is very much more sanitary and every poulty farmer is urged to build them if possible.

Angel food cake and ice cream were enjoyed by all.

Mrs. Beaty's jars of vegetable and fruit was chosen as winner from Hoyte Club, and will be entered in the contest at Rockdale on Rally Day.

The next meeting will be held August 2nd, in the home of Mrs. Lee Heitmann.

Mrs. Lee Heitmann, Reporter.

Mike Wiley, state salesman for Cracker Jack Popcorn and Angelus marshmallows, returned from Chicago Friday where he visited the factory of the companies. The factory gave him a new Chevrolet automobile. On the trip up he went by airplane. Mike is a former Cameron boy.

In New Orleans they enjoyed the sights of one of the world's most interesting cities. On their way to Rockport to rest a few days by the sea, the recent rain made their stay shorter than anticipated. To escape the rain they went to San Angelo and there for the first time in many month a heavy rain made up a part of their experiences. Mr. Hefley is President of the First National Bank. There daughter, Miss Henriem will go to Southwestern University this fall to become a member of the faculty

Commissioner McGuire of Rockdale was in Cameron Friday. He was transacting business following the court session Thursday.
